There are some 'items' out on the courses / on club property that will be cleaned up, as weather permits.

It has been noted by some members that our Posted signs are not posted correctly/ in the correct areas. Hunters are crossing in to club property lines when hunting.

After the hunting season is over, Frank will get a work party together, to finally finish the rest of the trap covers. ... totes for the traps ... put handles on; get them fitted to the machines. Power tools are needed. If you can help with this project, let Frank know; and if you volunteer to help with this project, wear old clothes that you should plan on tossing after the work is done!

The boards are shot up at the rifle range. Some members suggested using the plastic snow fence, to attach targets to; in place of boards. We will try this!
