Buildings & Grounds / Ranges and Safety Report: **Frank Petricone**

At the Rifle Range, people have been parking in the grass; recently someone got stuck in the mud. Try to avoid grassy areas on all club grounds at this time, due to all the rain/ wet/ mud. Our 'grounds keepers' at the club work very hard to keep our club looking pristine; having ruts, etc. in the grassy areas could damage the tractors when mowing, and we don't want anyone getting stuck!

Shady Range – Frank was able to get the mice out of this area, for now. THANK YOU, Frank!

The Shady Range; Trap Range and Skeet Range each need a Captain, to maintain these ranges. IF someone/ three individuals are willing to step up and take this on, let a BOD member or Frank know. Thank you.

For the Captains of all the ranges; when you stop by the club to check on your perspective range, you can leave a report, as needed, in the club house, or on the 'write on/wipe off' board for Frank and other members to see. If something needs more attention we can include in NewsNotes and/or bring up at a meeting.

REMINDER again when you sign in ... write legibly; first and last name; write in where on club property you are, even if it's walking your dog. Thanks!

In general, the Guest Fees for shooting is \$2, on any range. AND all fees are listed on the blackboard in the clubhouse.

Club Calendar:

We are planning a HANGOVER SHOOT on January 1. ANYONE WHO CAN COME OUT and HELP THAT DAY WOULD BE GREATLY APPRECIATED!! Every group that goes out to shoot, we are hoping can have at least one member with them.

The meeting was adjourned at 8:30 pm.

General Meeting Dec 2, 2021

The meeting was called to order by President, Nick Hardie, at 7:30 pm; followed by the Pledge of Allegiance, and a moment of silence for our First responders.

Members present: Thank you to all who came out!

Ranges/ Buildings and Grounds: Frank Petricone

There are several dead trees on the club property.

Especially with all the high winds recently, please be careful on club property that a tree does not fall on your group! IF a tree falls, call someone, Frank or Nick; we will have it taken care of properly. If a tree is down in a road, please try not to drive in the grass to drive around it. But always be safe.

There is a list of BOD and field captain names and phone #s in the clubhouse. Call someone to help as needed.

Shady Range – there are obstacles now on the course to shoot around. Please try not to shoot the walls there. IF you don't know how to shoot around a barricade/obstacle, ask and someone can train you how!

Rifle Range – some backer boards need to be changed out; they are shot up. You can use a screw gun to change out the boards.

If you see a trash barrel full on the ranges, please bring up to the dumpster and empty it. thanks!

Ten Stand – is not all 'working' right now; Frank borrowed some of the batteries from these machines for other machines. This will be 'fixed' and put back together at a later date. You can still use the Ten Stand; but only some of the machines are working currently. Thank you for understanding.

Preserve Report: Dave Isaac

Currently the birds are on property. After Dec. 12 is when Preserve members can shoot their birds.

Ongoing Business: Nick Hardie
